On Dialysis: Since 5 Years

Please donate generously to support Yunus in getting the on-going care he needs.

Hailing from Mansehra, Yunus used to work as security guard at a warehouse – but his diagnosis turned his world upside down. In 2016, complaining of severe nausea and continuous vomiting, Yunus was rushed to a local clinic for a check-up. His uncle then brought him to The Kidney Centre for further investigation; from that day on, Yunus has been on dialysis. Owing to his on-going treatment, Yunus is unable to work any longer; his wife lives in Mansehra and takes care of four children.

Her worsening condition prompted them to bring her to Jinnah Hospital, where she stopped responding to treatment. She was then referred to TKC, where she started receiving treatment for her kidneys – today she has been on dialysis for the past 18 years. Uzma was able to get married in 2004,
