### ADVANCES IN DIGITAL TRANSFORMATION

The Kidney Centre (TKC) is proud to announce a significant leap forward in its commitment to exceptional patient care and operational excellence through the implementation of a comprehensive Hospital Information Management System (HIMS). This strategic initiative, in partnership with Softronic Systems (Pvt.) Ltd., encompasses two key projects designed to enhance efficiency, transparency, and seamless integration across all hospital functions. Project #1: Hospital Partner – Complete HIMS for Healthcare Excellence, Project #2: People's Partner - Streamlining HR & Payroll Management. The Kidney Centre is confident that this collaboration with Softronic Systems (Pvt.) Ltd. and the implementation of the Hospital Partner and People's Partner projects will mark a significant milestone in its commitment to providing the highest quality patient care and achieving operational excellence.

## WELCOMED - CLINICAL INTERNS

Dorab Patel Post Graduate Training & Research Centre (DPPGTRC) under the umbrella of The Kidney Centre Post Graduate Training Institute (TKC-PGTI) serves as a postgraduate teaching, research, and continuing educational institution. In this regard, DPPGTRC continuously strives to promote educational activities now and then.

Clinical Practicum in Surgical Technology:

12 Students of Dow Institute of Medical Technology joined The Kidney Centre Post Graduate Training Institute (TKC PGTI), Karachi, for their Clinical Practicum in Surgical Technology in TKC's Operation Theater & Central Sterilization Service Department from 30th December 2024 till 31st January 2025. During their clinical practicum, **Dr. S. Saeed Chishty**, Administrator, TKC PGTI, conducted a special session for these students. Students were also introduced to the facilities TKC offers for para-medical students and job-oriented hands-on training and education. Souvenirs of TKC were also distributed to these students.
